LATE SHRI ROOPCHAND JI BHANDARI

OUR JOURNEY

In 1971, an extraordinary visionary Late Shri Roopchand Ji Bhandari laid the foundation of his great exploration into the limitless opportunities down under the realm of earth. He took the pioneering step into the Indian Marble Industry and soon, this bold step flourished into a legendary one called 'Bhandari Marbles'.

Taking forward Roopchand Ji's fabulous legacy, his son Mr. Kailash Bhandari exalted the preciousness of the brand name with his unwavering dedication and unfathomable hard work for next decades. Today, with Mr. Rakesh Bhandari and Mr. Arihant Bhandari's marvellous knowledge of contemporary and generational evolving, Square Feet Marble has attained prestigious rank among the rest in the Indian Marble Industry. With a motto to produce & manufacture strictly nothing less than world-class, Square Feet Marble remains unstoppable and indomitable.

OUR MISSION

We constantly study the technological advancements, explore new ideas, and keep pace with the innovating techniques. We wish to become the maestros of the stone industry by collecting the best marble across the world thereby achieving excellence through architecture.

OUR VISION

India is a land of monuments reflecting rich culture and heritage. Our vision is to play an instrumental role in engineering many more future marvels so as to bring the architectural glory to the forefront.

OUR WORKSHOP

We own the biggest stock of imported marble in Kishangarh with the promise of variety with quality. Our team ensures the delivery of marble at the right cost and in the right form with utmost precision

PROCESS

Marble is initially mined from some of the finest quarries of the world.

It is then transported to the factory using the world's best logistics.

Each marble is strengthened using the best Italian Resin.

It is furthermore cut into slabs, using the best of technology.

Each slab can be customised as per requirement and is carefully polished to get the required output.
